There is no specific mention of this in the R.O dated 9.2.25. but the former interpretation seems to follow by implication, as under the R.O. in future a certain part of teachers, alteration of the scale of pay of which should have the previous sanction of Govt. as there have the effect of affecting the financial obligation of Govt. no such condition has been imposed on the Municipal Councils have to submit its own & type scale of pay vide para 3 (4) & (6) of G.O of 9.2.25.

By the G.O. of 9th February 1925, the Municipal Council has been authorised to appoint its own Educational Officer for supervision of schools which would therefore appear negatives of the Dept. Schools force in Nominee on it. It is no doubt desirable in the interests of efficiency that the Supdt. should be one who has wide departmental experience, especially in the matter of inspection of schools but as matters stand, the discretion of appointment is vested in the Municipal Council & unless it is willing ~~to take the opinion of the Dept.~~, it would not be possible to post an Departmental Officer

What the intentions of the Municipal in the matter, are, it is not possible to s the D. Cy. should have forwarded a copy of the President's letter to the Revenue with his present reference.

As regards the other point viz the cost, there is nothing definite in above G.O. as to who shall bear cost. The provision of a separate staff for the inspection of schools does not dispense with inspection by the Departmental s as such the latter has to be continued, though the entire cost of the same is to be met from State funds. In these circumstances in contrast with the provisions contained in para 3 (d) of the G.O of 9th February 1923, it can be argued with considerable force, that the cost of the supervising staff should be met entirely from Municipal funds.

E

Another point, though not having a direct connection with the present question, may be considered. If a separate agency appointed for the supervision of the schools the need for a detailed inspection of the schools by the Departmental Officers does

17 The D.P.I. recommends the proposals of the City Municipal Council in regard to the Special staff required for directing and supervising the work of Primary Schools in the city. But he is of opinion that the Superintendent should be one of the officers of the Education Department to work for a period of 2 years in the first instance. The Municipal Council's resolution is not clear in this matter.

18 The total cost of the proposed establishment amounts to Rs. 187 4 3/81 per mensem or Rs. 2,252 4 3/27 per annum. The D.P.I. Education points out in his departmental budget for the current year of the present proposals are sanctioned to be effect from 1st October 1923.

19 The Municipal Council are for defraying the cost of the Special staff to Municipal Contribution payable for Primary Education. The Chief Secy is of opinion that the charge is clearly a Municipal one outside the Contribution towards expenditure incurred by the Dept. The D.P.I.

The special staff proposed may perhaps be sanctioned. The cost of inspection may be added to the direct expenditure on primary education.

According to the order dated the 9th February 1923, the Municipality have to contribute one-third of the whole cost incurred on primary education. -- They have therefore to make a contribution of one-third of the amount incurred on the special staff in addition to the contribution already ordered.

The opinion of the Inspector-General of Education that the Superintendent should be recruited from the Education Department seems to be reasonable, especially when Government are meeting more than half the cost.

From

C. S. BALASUNDARAM IYER, Esq., B.A.,
Inspector-General of Education in Mysore.

To K. Matthan esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Sir,

With reference to Memo No.Mis.493 of 23-24 dated 3rd September 1923 from the President, Bangalore City Municipality forwarding copy of his letter No.36 of 23-24 dated 29th August 3rd September 1923 addressed to the Revenue Secretary in the matter of the transfer of control of Primary Education in the City to the Municipality seeking sanction of Government to the marginally noted special staff to look after the management of the Primary schools in City and requesting me to send my opinion in the matter direct to Government, I have the honor to state that I agree with the proposals made since I am of opinion that it is necessary for the Municipality to have a separate establish ment to direct and supervise the work of the schools. The Superintendent should be an officer of the Education Department, whose services will be lent to the Municipality for a specified period at a time. In the first instance it may be for 2 years. The other members of the Establishment may be purely Municipal servants though their pay etc., will have to be met in the first instance from the Departmental budget for the next 5 years under the terms of Government order No.4886-9-Edn.131-23-4 dated 9th February 1923 and 1/3 of the cost recovered on bills presented to the Municipality once in six months - Vide para 2 of the

1 Clerk on Rs.25/- per mensem
1 " " Rs.15-1-30 per mensem
Two peons on Rs.10-1-12 per mensem.

Government order. The total cost on the establishment will be Rs. 187,55/81 per mensem, including a pension contribution of Rs. 4 1/81 per mensem - Vide article 266 P. & M.S.R. V Edition or Rs.2,252 4/27 per annum and provision therefor can be made in the next year's budget.

If the special establishment should be appointed from 1st October 1923 the expenditure for the current year will amount to Rs.1,501-35/81 and can be met from Rs.1,650/- included in the budget for the City Municipal Primary schools, Rs.1,200 for training of teachers and Rs.450 for additional requirements Vide enclosures to my letter No.Gle.1248 of 22-23 dated 18th July 1923.

I have the honor to be,

Sir,
